Application Instructions for Medical Laboratory Science Program

Applying to the Oregon Tech/OHSU Medical Laboratory Science Program is a two-step process. As well as submitting the professional application packet to the MLS department, you must also apply to Oregon Tech through general admissions. Please see our website for detailed instructions on this process.

Applying to the professional Program: Assemble and mail your completed packet of admission materials. Carefully read the following instructions, doublechecking that all items are included in the packet prior to mailing. Please read the FAQs posted on the website before contacting the program with your questions.

The ability to follow procedures is only

if seal is not broken! (Please note this is a separate set of transcripts from the transcript requirements of general admissions). Official transcripts from all schools attended must be included in your application packet. If your institution only offers electronic official transcripts, they can be emailed directly to deb.disko@oit.edu. Include a note with your application stating what transcripts are missing and when we should expect them.

2. Include 3 completed recommendation forms

If it is your choice if you prefer to submit recommendations electronically, the form can be emailed directly to your recommender with instructions to send completed recommendation form and

5. Complete the entire Medical Lab Science Professional application and sign where indicated. Most browsers support the application in a fillable PDF format. Allowing you to enter your responses and then print your application. If you have to hand write your responses, make sure they are legible we will be unable to process your application.

Applicants enrolled in courses during Fall or Winter terms are advised to send updated grade reports or transcripts to the program office after completion of the term.

Those applicants who are admitted into the CLS Program are required to pass a criminal background check and urine drug screen. The program office will provide the necessary information and forms to those students at the appropriate time.
