

Do you know about OT's research projects? Do you want to find potential collaborators for you or your students? Come meet potential research partners at a speed dating like networking event! Even those who are not active scholars are encouraged to come; you never know what connections you can make.

Please bring multiple business cards to this event to share! Light refreshments will be provided.

## Research Networking

Friday October 27<sup>th</sup> 3-4:30 pm

Boivin Hall 108

[Register here for the event.](#)
