

## **Regulations Governing Traffic Control**

---

### **Responsibility in Traffic Control**

1. Oregon revised statute 352.360 authorizes the State Board of Higher Education to "Enact such regulations as it shall deem convenient or necessary to provide for the policing, control and regulation of traffic and parking of vehicles on the property of any institution under the jurisdiction of the Board. Such regulations may provide for the registration of vehicles, the designation of parking areas and the assessment and collection of reasonable fees and charges for parking."
2. Strict enforcement of these regulations is necessary to minimize congestion and maintain safety on campus roads and in parking areas. The administration of these regulations lies with the Campus Traffic Commission working in coordination with the Campus Security.
3. The State Board of Higher Education, through OIT "for the purpose of enforcing its regulations governing traffic control, may appoint peace officers who shall have the same authority as other peace officers as defined in ORS 352.360."
4. The regulations that provide for the policing, control and regulation of traffic and parking of vehicles on campus are enforceable whenever a vehicle is on campus. All personnel (faculty, staff and students) of OIT are required to be knowledgeable of and abide by the traffic regulations. Regulations are received upon purchase of a parking permit from the Cashier's Office or at registration.
5. Administrative and disciplinary sanctions may be imposed upon students, faculty and staff for violation of the regulations, including, but not limited to, a reasonable monetary penalty which may be deducted from student general deposits, and faculty, staff, or student salaries or other funds in the possession of the institution as provided in Subsection 2 of ORS 352.360. The regulations may also be enforced by the impoundment of vehicles or bicycles, and a reasonable fee may be charged for the cost of the impoundment and storage, if any, prior to the release of the vehicles or bicycles to their owners, as provided in Subsection 4 or ORS 352.360.
6. The regulations governing traffic control may, by authority of the Traffic Commission and with approval of the State Board of Higher Education, be changed or altered whenever it is deemed to be beneficial to the public interests. In the event of any emergency or special event, parking and traffic regulations may be waived by the Traffic Commission, Traffic Coordinator, or administrator-in-charge.
7. All vehicles parked on campus must be registered with the College and must display a purchased parking permit. The permit must be either an adhesive permit that is permanently affixed to the left side of the rear bumper or the rear window in the lower left portion, or a hanging permit that is hung from the rear view mirror.
