apply for financial aid through the Free Application for Federal Student Aid (FAFSA), as well as any scholarships, grants, or loans that you are eligible to receive. There are all types of scholarships available to students, however we strongly recommend looking into private scholarships geared toward veterans alone. There are many options for student financial aid, some of which you may need to write an essay, make sure to research scholarship requirements in advance.

## *Scholarships*

Scholarships provide students another opportunity for financial support. There are plenty of scholarships designed specifically for service members, veterans, even dependents. We highly encourage you to apply for as many scholarships as possible. Yes, for most scholarships you will be required to write an essay. But this is free money we have to pay it back - so just write the essay! Your school will also have targeted scholarships for different majors, as well as general scholarships. Seek advice on which scholarships may be best for you. Find Oregon Tech scholarships here -> [www.oit.edu/scholarships](http://www.oit.edu/scholarships)

## *FAFSA*

The FAFSA offers undergraduate and graduate students the opportunity to determine eligibility for federal, state, and some institutional financial aid. The process uses tax information from the prior-prior year (ex. 2020 FAFSA aid based on 2018 taxes) and expected family contribution to determine your eligibility. FAFSA opens on October 1<sup>st</sup> each year.
